### MEEKLY MIDER

Case. W. Orane is agent for the Misses in day

### Official Paper

[From Saturday's Daily.]

Spring weather has apparently set in

Yavapai County.

Aztlan Lodge No. 1, F. & A. M., will

meet at 8 o'clock sharp this evening. Barney Smith has been acting as County jailor during the absence of Mike Hickey. General Crook and Hugo Richards left this morning for a visit to their stock ranch

on Date Creek. Johnnie Brent and Miss Laura Morris left by the Ash Fork stage this morning. The Maricopa coach went out empty.

The commodious quarters of the Bank of Arizona are being re-painted re-kalsom

timed and otherwise renovated. Several of the officers of the Tenth Cavalry have arrived at Whipple. The entire regiment is expected to reach its different stations by the 15th of next month.

Jee Wilson to day received one of the largest and finest invoices of gents and boys' clothing and furnishing goods ever brought to Prescott.

The first bar of bullion obtained by W C. Dawes from the tailings of the Peck mine, has been shipped to San Francisco through the Bank of Arizona. It was valued at a little over \$1,000 and was 990 fine.

Ed. Carpenter has accepted the position of chief clerk in the mercantile establishment of J. L. Fisher. He shoulders the responsibility of his new position in that valuet manner for which he is noted.

Jim Guild is rapidly recovering from the Injuries he received by being run over by the carriage of Hose Company No. 1, while practicing for the approaching firemen's race, and will be soon able to be on the

nother loaded cigar, with which a friend presented him. The local dynamiters seem to be determined to do Joe up, yet he still lives and apparently thrives under their treatment.

Will Ryan yesterday received a telegram from Joe Wilson, stating that the latter would not arrive in Prescott until the 1st proxime, on accessed of being unexpectedly whose stand is in front of the Palace Sa- NERVOUS AND DEBILITATED. delayed in New York by business engage-

J. L. Fisher will ship in a few days to the Pueblo Smelter three tons of picked ore from mines on the Hassayampa, assaying from \$500 to \$600 per ton. This is Mr. Fisher's first shipment of ere, although he intends in the future to make a business of acting as agent for all those who desire to ship ere abroad for treatment.

P. S. Smith & Co., proprietors of the akating rink, have struck a bonanes in their line of business and have found it necessary to send to the manufacturers for an additional number of skates. They are also negotiating with the Common Council to rent the City Hall, as the present rink is too small to accommodate their patrons.

About three miles south of town, on unostentatious but nest little school house of Aztlan District, No. 29. This school was established three years ago, with seven pupils in attendance, and has been steadily gaining strength up to she present time and now boasts of thirty bright and well behaved scholars, under the appervision of Mr. Piper, a young man who has gained a favorable reputation in our community as a teacher. The children of this school are particularly noted for their general good conduct and close application to study, the result of good moral training at home and disciplined instruction in the school

Up to date there have been 531 cattle and horse brands placed on record in the tounty Recorder's office. This fact taken in connection with the meagre membership of seven'y-three, possed by the County Stock Growers Association, speaks but poorly for the interest taken by our stock growers in the absolute necessity of organizing for mutual protection.

A telegram received by Under Sheriff Lawler, to-day, stated that a Mexican had been arrested, by Deputy Sheriff Hickey, at Weaver, and turned over to the authorities of Maricopa county, on the charge of being one of the robbers who recently took in the Wackenburg stage and relieved it of a \$6,000 bar of gold bullion, from the Vuiture mine.

Charley Curtis, to-day returned to town, after a mysterious absence of several days. Tests Made [Qualitative and Quantitetive.] His friends intimate that Charley has been out in pursuit of the stage robbers, and For Tin, Zinc, Arsenic, that his good fortune alone prevented him from overtaking them. We congratulate him on his parrow escape from falling into or any other metal, at rates as LOW as i the company of the bold, bad men.
